# ABOUT NARR

The National Alliance for Recovery Residences (NARR) was founded in 2011 to establish a national standard for recovery housing with a focus on safety and health. Recovery residences provide a home-like environment for sustainable recovery based on the Social Model philosophy.

NARR's Standard 3.0 operationalizes the Social Model through four Domains, 10 Principles, and 31 Standards, tailored to each of NARR's four levels. The latest version clarifies existing rules for improved clarity.
